ABBA Statistics Show Strong Demand For Brahmans

The American Brehmsa Breeders Association released first quarter statistics for 1988 that showed so is crease of 25 percent la sales of registered Brehmens, code 18 percent creese in registretios totals.

cattle hed been registered by March, while 7,397 head hed been trensferred. In relocating these figures, ABBA Executive Vice-Procident Wendell E. Sohronk seld, "The growth ladicated by these figures rephicelly demonstrates how pupular the brahash breed really is. These figures become even more inpressive when it is considered that several registrations have been lost due to the Brehman breeders that ere now

grem."
"Not only are registrations and trenafor totals on the increase, but memberabipa are up 45 percent for this first querter of 1983 compared to the 1982 totals," Schronk added,

ABBA's communications departmen reported that inquiries during this same time freme reflected what was be ing seen in the recording department report. No doubt, the growth experienced by ABBA is the effect of the easociation's bold, new domestic marketlag program, its new four-color edvortising campaign released in July of 1982, and the innovative F1 Brahmes Hybrid Femnle Certification Program.

try and a new place to enjoy their contrary ideas and viaws.

While some of these Special Interest Groops are so far out in left field that their caterwauling seems ridiculous, and even at times downright humorous, their right to how at the moon ere eny thang else that will held still long enough to let 'am git cranked up, don't really do a lot of harm as long as they keep off private propity and don't try to plant any bombs and turn their complaints into terroristic channels. Letting 'em let off their steam, as long as it is harmless and no one takes it too seriously seams harmless enough. it too seriously sesms harmless enough Of course, when they git to comin' so strong as to daprive other people of their rights, there needs to be some drastic action spplied. That's what we got jails for, is to proteck th' rights of these who happen to disagree with their views It is ead to say that we have a percentage of scoff laws smong these people end it is even more of a disgrece that we have a percentage of people occupyin' judicial positions are jist as far off center as some of these agitators and they interpret th' law along some of th' same silly lines.

Frankly, we think owne of th' screwball idest has followed a many little are read.

rrankly, we think some of th' scrawball ideas these folke come up with are good for th' country, since they prove to one and all that these United States are th' finest places in th' world by e long, long way and th' only place in which these promotera would escape incarceration, busted heads or death. We figger you and me ort to jist set back end let 'em have any harmless fun they congrets. When it any harmless fun they generats. When it gits past th' harmless atage, they need to have th' law crack down and halter break

The Edditar. P.S.: Unkle Dunk hears from some of P.S.: Unkle Dunk hears from some of his Kansas informants that since Sen. Bob Dole got onto his High Tax Binge that he aint near th' fair halred boy he once was up there in th' Sunflower Stata. Some of his former strong backers in th' biness arens are ready to take a orack at him th' first chance they git. Dunk figgers th' farther it goes th' righter Will Rogers was. He once said that he belonged to no Organized Political Partit longers was. He once said that he belonged to no Organized Political Party
he was a lifelong Democrat. When the
Democrats start heatin' up th' Presidenial candidates they are gonna have th'
Old FDR coalition of labor, Liberals,
lews, plecks and Conservetive
Southerners tryin' to get their hands on
the steerin' wheel and if that don't raise
more Cain than e camel with his nose
under th' tent in a sand atorm. Dunk mises his guess. - Thassell, Brothers

A "little ear" on feeder calves has become an important marketing factor in recent years.

Some feeders are demanding that their order buyers select calves with some Brahman in their genetic make-up.

We think one of the best tools available to put a "little ear" on your feeder calves is to turn out a Beefmaster bull.

Contact the N.B.A. for a list of breeders who have breeding age Beefmaster bulls for sale.

The matais have all moved higher this week. I suggested purchases of palledium and pletinum at lower levels and these trades worked out fine Metals heve now reached levels where Metals here now resched levels where would urge caution. I doe't wish to be so buyer of any metals at current levels. Silver and gold could still be in a liquidating phase and I'd just as soon etand saide at this time. Tradiag here continues erratic and lackinster. Which Way From Here??

I have been dreggieg my fest oe being a "bull" on enything eed so far I'm only pertially correct. Graios and livestock are in the midst of a sharp break but the Dow, metals and interest rates have worked cubstantially higher April has the earmarks of a pivolal moeth. I feel that many markets will he their peak this moath before a sharp slids ensues. I'll stick by that foreass! don't want to be a "bull" le sey market for the next several weeks. I like the about side of most everything for the next several weeks.

If you would like further information on speculation or hedging please call Jerry F. Welch at 314-721-9200. Prudential Bachs Securities, 231 Sc. Berniaton, Sulfa 1400. St. Louis, MQ 68106.

Sloux Falls Feeders

Sioux Falls, Apr. 18 (OdDA) — 8 miles weekly Feeder Cattle Auction Receipts 8,200. Feeder steers 600-750 lbs. steady to 1.00 lower, 750-1100 lbs. steady to firm, feeder heliers eteady instances 100 lbs. Feeder, steers medium frame 1, some large fieldied; 400-500 lbs. scarce; two loss 400-500 lbs.

SELLING:

70 BRANGUS FEMALES

- Pairs

- Bred Recipient Cows

Producing cattle that not only win in the showring but come home and become efficient, functional producers has been the basis of our cattle operation since we began. Through a careful selection and breeding program we have been able to consistently produce champions in the show ring that go on to be top producers in the pasture. We are now prepared to offer you the opportunity to select from the cream of the crop at our first production sale.

We invite you to be with us for the SHOWCASE SELECT I PREMIERE PRODUCTION SALE the beginning of great developments in our Brangus program.

Steer Evaluation, Production Program At Texas A&M

College Station-What do show steers and feedlot steers have in common? How are these steers similar or different from both a curcasa god visual standpoint and in production efficiency? The answers to these and a hoet o other questions will be uncovered at a Ster Evaluation and Production Symposium in the new Animal Pavillon et Taxas A&M University, May 20-21.

The symposium is built around 46

sieers rapresenting 15 breeds that were put in a performence evaluation program hast October 29, say Dr. Lerry Boleman, livasetock apacialist with the Taxas Agricultural Extension Service. and Dr. Doug Wytha, essociate pro-lesser of snims | science at Texas A&M

University.

Regarding the 46 steere, somn were hallsbroke and treated as show calves while the rebeginning last Jan. 1 while the re-mainder were treated as feedlot steers. histofer were treated as feedlot steers. However, ell have been getting the aums ration in the same locality. Since then measurements euch see weight, average delly gain, feed afficiency, hip height, shoulder height, longth of top, heart girth and length of cannon have been taken on each steer. Some of the stears will be alsughtered to obtain carcust dala which will be presented at the symposium.

symposium.

Beloman and Wytho say that the symposium is designed to be an educational ectivity for Toxas 4-H and FFA. youth with stear projects, for beef cat-le breeders and faeders, and for those lavelved with beef cattle breed associaflow and ateer shows. It is simed at taching feeders end other interested cattle people about concepts related to beef cattle growth, performence, car-case characteristics, feeding manage-ment, genetic differences and breeding

programs.

Speakers will be using photographic records, carcass data, live animal judging and demonstrations as training look to more accurately teach the concepts of best cattle avaluation and production, say the symposium organizers.

Keynote apasker will be Dr. Hurisa D. Ritchle, Extension basi cattle apselsist in Michigan, who will discuss a search for the Idsal Steer" in the concluding seasion of the symposium.

Sarch for the Idsal Steer" at the concluding session of the symposium. All symposium participants along with a panel of leading steer judges will have an opportunity to ovaluate live steers and then view their cercasses. Also, a host of cattle producers, leaders and packers will discuss show steep varaus feedlot steers, and officials of Taxas' major livestock showe will be on hand to discuss 1984 rules, revaling, and judging procedures regarding steer shows.

Along with the 46 steers carcasses to be avalented and judging procedures regarding steer shows.

Along with the 46 steers carcasses to be avalented and viewed, the symposium will feature a number of breed shampions from major livestock shows which will be displayed and slaughtered in our participant of the symposium of th

Texas Feediots Drop Placements By 23%

Austin-With fawar cattle being placed in Taxas feedlets during the first quarter of 1988, the April 1 invectory of cattle on feed dropped 4% from last year to almost 1.6 million head, According to figures released by the Taxas Crop and Livostock Raporting Service, the April 2018 1822 8% helps March the April total was 8% below March and off 18% from the January 1 laver

Cattle placaments during the January-March quarter reached 190,000 head, a 28% decrease from a year ago. State Statistician Doug Mut-field added that in March aloss, placaments were down 88% to 320,000

million head during the first quarier of the year, 2% above 1982. Because of the savere winter weather across the High Plains, most of these cattle were going to market at lighter weights, Murfield added. Marketings durin March, up 5% from a year ago, totaled 420,000 band.

Murfield reported that cattle feeders

intend to market 1.1 million head dur-ing the April-Juna quarter, 4% more than the same period last year.

Late Federal Tax **Payments Can Cost** Far More Than 16%

Borrowing money from the government by paying taxes late can be an expensive decision, the Internal Revenue Service says. A 16 percent per year compound interest rate and a late pay geny, in addition to the 1983 ment penalty of one-half of one percent per month, or six percent per year, it added to late tax payments. Also, if your return is more than 80 days late, the penalty will not be less than \$100 or 100 percent of the tax due, whichever is smaller. Consequently, deferring the payment of taxes in favor of bills to other available and never the far more ment penalty of one-half of one per other creditors can prove to be far more costly in the long run. Borrowing mobey to pay taxes makes good sense.

Tr YOU'RE not neurotic these days, people are apt to think something it wrong with you.

Interim Rules On Migrant Labor Set, Comments invited

Secretary of Labor Raymond J.
Donovan announced April 12 that the
Labor Department has issued interim
regulations to implement the new
Migrant and Seasonal Agricultural
Worker Protection Act (MSPA).
The interim rules, scheduled to appeir in the Federal Register on April
22 become affective Agricultural

is, become effective April 14, the same day the MSPA goes into effect.

Donovan said, "We are pleased to note the effective date of this important

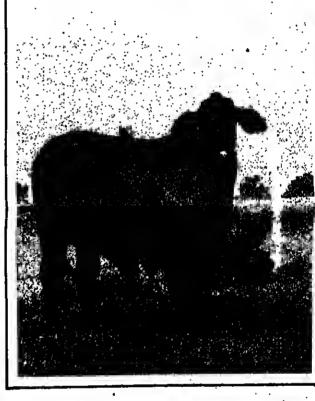

the structure nate of this important law law, which will substantially improve protections far migrant and seasonal farmworkers while allest the structure of the seasonal farmworkers while allest the seasonal farmworkers. sliminating unbeauty regulary ourseas for agricultural associations.

"The department will work hard to ensure compliance with the act."

Dondran added.

tion plan.
Finally, Minyard says, "have calves

"Surveys in Iowa euggest that, without preconditioning, it's reasonable to see death losses of two to three percent during the first month (on feed). With preconditioned calves, however, death losses of only e quarter to a half percent ere more likely," he says. Preconditioning is an integral step in bringing home more cash from sales, says Minyard, who was deeply involved in the initiation of South Dakota's new preconditioning program begun in 1882.

Finally, Minyard says, "have calves with says, "have calves weaning, calves should go on a finally been directly involved in the preconditional says, "have calves weaning, calves will be feed bunk and water trough broke."

After weaning, calves will be feed bunk and water trough broke."

After weaning, calves should go on a high anergy, high protain ration to gain 1.5 to 2.5 pounds per day, Minyard says. Preconditioning is an integral step in bringing home more cash from sales, says Minyard, who was deeply involved in the initiation of South Dakota's new preconditioning program begun in 1882.

Finally, Minyard says, "have calves wearies as pen sizes or truck load lots.

"Another option would be to market brown a lots."

After weaning, calves will be feed bunk and water trough broke."

After weaning, calves will go on a high anergy, high protain ration to gain 1.5 to 2.5 pounds per day, Minyard says.

Preconditioning is an integral step in bringing home more cash from sales, says Minyard, who was deeply involved in the preconditioned calves carry, the program ehould pay for itself, evon weight preconditioned calves through cattle brokers — individuals who'll locote bunk and votationed calves through the world.

TAKES courage to stand up and the cattle bunk and the preconditioned calves annually the preconditioned calves through calves through cattle brokers.

TPHA

We wonder sometimes about why we concerning this.

rsize purebred cettie, why we participeto in shows, why we become members of breed associations. The use for this column. answer to that why may be onormous but, think ebout this quote and o lot of enswere come quick. Tho new memberohip drive that we ore starting won't work unless you aupport it, our buckle sele won't work unless you support it, end the TPHA won't work unless you support it. The TPHA is now the only full (Ime State Acsociotion maintained monagement & consultant office is the Policed Herelord breed. You know that's something to brag about and to keep

bragging obout and it know we will.
A TPHA member collod me the other doy ofter ho had read through his Feb.
Newolctter and said "Ray, what in tho moan". and his raply was "woll overything in this newsletter io ed damn positive i wanted to get on the trais too". That's right, we all should be positive about our business, I am and I juct work here, so I know that you con. I ust think, we can't got my leas of our ulls so they have got to go us? Just think, we can't got may leas of our hulls so they heve got to go up in price, in GENERAL, mankind, since the imthe apring is on us and the grase looks provement of cookery, eats twice as ilko heavon, commorciol cottlomen need cows to stock their pastures and bulle much as nature requires. to broad their cowe, end the Polled Hereford le one of the beot bace breeds for the Hot and heavy F-1 program now

I'm positivo, are you? The TJPHA Annual Preview show will be held in Canton, Texts June Brd & 4th st tha Ven Zandt Co. Fnirgrounds. Friday night the 3rd will be the annual election of officers sed swords banquet. All juniors interested in perticipating or joining need to contect the TPHA office for information

February Ag Exports Declined 14% USDA Says, Imports Up

WASHINGTON, April 8.-The Foreigs Agriculturel Service of the U.S. Department of Agriculture today reported the following recent developments in U.S. agricultural

trade:
U.S. sgricultural exports during February 1988 totaled \$8.0 hillion, dows 14 percest from the same month a year earlier and 8 percent leas than the January 1988 level. Total agricultural export volome is February of 18.5 million tons was unchanged from the year-earlier level. Lower prices for corn and wheat (compared to February 1982) accounted for some of the decline as export volume for these commodities was above that of the same month a year above that of the sama month a yeer earlier. For nesrly all other com-modities export, voluma and velue ware substactially below February s yesr ego. Export unit velues for corn and wheat coolinued to gain etreogth in February as they bad since the beginn-ing of the current fiscel year.

Total agricultural exports during the first five months (October-Fehruery) of fiscal 1988 were valued et \$15.0 hillon. dowo if percent from the same period a year earlier. Total agriculturel export volume during the first five months of fiscal 1988 totaled 85 million tons, down 7 parcent from the year-earlier paried.
Smaller wheat shipments earlier in the
field year accounted for most of the

U.S. exports of wheat in February rose 8 percent in volume from February 1982 to 4.0 million tone, raffacting a larga focrases in chipments to India. Whest shipments to China and the USBR were each down about 225,000 tons compared with Fabruary 1982. The wheat export unit valua in Fahruary of \$163.50 per ton was 7 parcent lower than a year earlier. The total value of what exports for February was down 2 percent. The wheat axport volums for October-February of 15.6 million tons was down 17 percent, while value dropped 23 percent to \$2.8 billion.

U.S. corn exports in February in-creased 10 percent in volume over a year sarlier to 4.1 million tons, as larger shipments to Mexico, China, Japan and Korea offset a decline to the Soviet Union, the Natherlands and Spain. The corn export unit valua of \$114 per ton was 8 percent lower than a year earliar. The total valua of corn exports rose 4 Percent over the previous Fehruary. Corn export priceo had strengthened significantly since October 1982, rising 14 percent. The corn export volume for the first five months of flacal 1988 was up 1 percent from the year-earlier period to 21.5 million tons, but the value was off 18 percent to \$2.8 billion.

Soybean shipmants in Fabruary declined 2 percent to 2.4 million tons, with large shipments to Japan, Mexico and other, countries. Soybean export Prices in February-at \$238.50 per ton-Prices in February at \$238.50 per tonwers 8 percent lower than a year
earlier. Total soyhean export valua
dropped 10 percent in Fabruary compered with a year earlier. Soybean exper volume of October-February was
unchanged from the year-earliar level
of 12.8 million tose, but value was down
percent to \$2.8 billion.
Export volumes and values were
above February a year ago for heef,
"That flour seeds and folders and soy-

bean oil, but were dows for cotton, rice, asd tropical producta.

Tour Of Beefmaster **Ranches Scheduled** By LCBBA And BBU

A tour of Beefmaster racches in South Texas has been acbeduled by Liva Oak County Beefmaster Breeders Association May 19 and 20, 1988. The tour, co-sponsored by Beelmaster Breedera Universal, is the first oos for he bread.

The tour is being paid for by par-ticipating mambers of LCBBA, and is opan to purebred and commercial pro-ducers. "We've been thinking about having tours for sometims cow," said Gena Kuykandall, exacutive vice president of BBU, "and the obvious place to atart is in Liva Oak County where the grantast concentration of Beefmaders are today. It's a good opportunity to broaden communication and understanding betwaeo our purebrad breaders and the commercial producers. Wa hope

Baeimastara, Alice; Edwin Singer Ranch, Threa Rivers; Doo Moore Beelmaster, Gaorgo West; John Welder Raoch, Tynan; Ed Wicker Beelmasters; Boeville; The South Taxes Children's Home, Pattus; and Joe Yarbro Rauch, Threa Rivara.

In addition, cattle will be displayed by mambers of LCBBA et tha Live Oak County Barn batwaen Three Rivers sod Georga Wosl. Baefmasters will be displayed by Frod Breuchle, J.B. Kolb. Btowart Brothers, Wayna Bowers, Sharri Milla, Loc Jaalk, Palmer Brothora, William McQuary, and Raymond Wloding, Each brooder will have e briof paried to talk about his catila during the event.

during the event.

The tour will hegin on May 19th in
Corpus Christi. The bus will leave the
Airport Hilton Inn at 7:00 a.m. and raturn there at the and of the tour on May 20th. For additionel information on the tour achadule, hotel accommodatha tour achadule, notel accommodations, and participating Beefmaster ranches, contact: BBU, 380 GPM S. Tower, 800 NW Loop 410, San Antonio, Tax. 78216, ph. 612/341-1277; or LCBBA, P.O. Box 1189, Thrae Rivers, Tex.
